

# BRYME Lagos Job Research & Verification

Combined Batch 1–3 report · Research date 04 September 2026

Pipeline: Find → Record original source → Extract facts → Locate public contact → Independently verify.

Every record is a ☐ RESEARCH LEAD unless independently verified. Nothing here was invented, and no vacancy is claimed verified without confirmation.

## 1. Summary & method

BRYME is building a database of real, currently advertised job opportunities in Lagos, Nigeria. At this stage the work is research, not verification. For each lead we record: the original source, exact title, employer, location, posting date, deadline where stated, a legitimate public employer/recruiter contact where one is publicly available, and the original application URL. A contact is a company channel, not proof a vacancy is open. We never invent an email, phone, salary, deadline, employer, status or application method; where no legitimate contact exists we say so and point to the original listing.

**Scope note:** This report covers **Batch 1** (the 20 supplied starter leads, re-checked against their original sources) and **Batch 3** (category-expansion leads). Leads formerly flagged as unconfirmable are marked; location mismatches and expired vacancies are preserved as evidence, never presented as open Lagos jobs.

|  Do not publish | Suspicious / expired / insufficient evidence | Ileoja (wrong location, stale), Hope PSBank (closed), unconfirmables                  |

## 6. BRYME verification questions

Ready-to-send messages identifying BRYME as an independent platform are in `BRYME-LAGOS-OUTREACH-KIT/`. A QFA email (Version A — verification, Version B — applicant) is drafted in `11-qfa-enquiry-send-now.md`.

Example (QFA): "Hello, I run BRYME, an independent job/opportunity information platform in Nigeria. We saw your advertised Customer Service Representative role (Lagos) and your open invitation on [qfafrica.com/join-us](https://qfafrica.com/join-us). Could you confirm it is still open and accepting applications as of 04 September 2026, and the correct way to apply? BRYME is not affiliated with QFA — we only verify the advertised vacancy is current."

## 8. Batch 3 expansion leads

---

Full records are in `BRYME-LAGOS-RESEARCH-BATCH3.md`. Adding: Fort Knox (dispatch rider, ₦250k), Workforce Group (logistics), Daspris Properties (multi-role, deadline 07 Sep), Extramileage (17 hospitality roles), Cashir & Brint (remote), Metro Mart, Talent Solution, J3 Foods, Quema (retail/cashier/storekeeper).

## 9. Data integrity & caution notes

---

- Never invented any email, phone, salary, deadline, employer, status or application method. Contacts are from official employer pages/LinkedIn or published board listings.
- Do not conflate similarly named companies (US "Simply HR Inc" ≠ Lekki "Simply HRM").
- Directory phones (BlueCoral) are MEDIUM/LOW — re-confirm identity first.
- Daspris asks for a passport photo at application — advise seekers not to send sensitive ID at this stage.
- Remote gigs (Cashir, Brint) — verify via listing only; beware any request to pay to "join."
- ☐ Research Lead ≠ verified. ☐ closed records are evidence, not published openings. AdSense remains disabled.
